Local News

Our new directories are now available.

Sick:

Samuel Collins blood work didn't show anything conclusive. We are still waiting a few results. It's possible the antibiotic took care of the infection and we won't know just what it was.

Delinda Collins saw the infectious disease specialist on Wednesday and didn't receive the best news. They will put a pic line in for her to take strong antibiotics 3 times a day for 6 weeks. If that doesn't take care of the infection she will have to start all over and have the hip replacement removed again. We are praying the antibiotic works this time.

Travelers:

Ron & Judy Collins had a very nice time at Channel Islands Harbor. It was so cool!
